## EXPERIENCE

**NTT Data Spain** — Barcelona, Spain

Fullstack engineer — 11/2024 - Present

- **Full-stack Engineer at NTT Data's DTI of Artificial Intelligence**, leading the development of web applications powered by Generative AI, using React, TypeScript, Python and Azure
- **Pioneered the integration of AI into proof-of-concept solutions**, including hands-on work with robotics platforms like the Unitree Go2 Pro
- **Presented NTT Data's AI initiatives at high-profile global events**, including Mobile World Congress 2025 and Amazon Summit Madrid 2025
- **Trained internal teams on custom-built applications** and led knowledge transfer sessions to support adoption across departments
- **Represented NTT Data's AI Division in government outreach**, presenting key innovations to institutions such as the Generalitat de Catalunya

**OPC On Promise Cloud GmbH** — Berlin, Germany

Full stack app developer — 04/2023 - 06/2024

- Designed, developed, deployed and maintained On Promise Cloud's B2B SaaS web application, including 12 independent pay-to-use modules, as a solo full stack developer **click here**
- Planned and wrote the UI/UX design of the application, dozens of routes and over 100 APIs and database queries
- Created and managed over 10 DynamoDB database tables in development, staging and production environments
- Implemented User Journey Mapping methodology in the design phase of a new module and increased development speed by 100%

**SPICED Academy Berlin** — Berlin, Germany

Full Stack Entwickler - Werkstudent — 08/2022 - 03/2023

- Developed 5 web applications with JavaScript, jQuery, Vue and React
- Browser Game (React, Redux, Node.js, PostgreSQL) **click here**
- Social Media (React, Redux, Node.js, PostgreSQL, Socket.IO)
- Image Board (Vue.js, Node.js, PostgreSQL, AWS)
- Petition Website (Handlebars, Node.js, PostgreSQL)
- Connect 4 video game (JavaScript, HTML, CSS, jQuery) **click here**

**Background** — Barcelona, Spain

Architectural Engineer & Project Manager — 2014 - 2022

- Designed and developed architectural projects from concept to completion
- Oversaw on-site construction for residential and commercial buildings
- Managed budgets, timelines, and teams as a project manager

## EDUCATION

**SPICED Academy** — Berlin, Germany

Full stack web developer — 08/2022 - 11/2022

**Polytechnic University of Catalonia** — Barcelona, Spain

Bachelor's degree in architectural engineering — 2008 - 2016
